Protect Our Wildlife

It is unfortunate that we have a goodly number of people who do not appreciate the birds and wild animals which abound throughout the county. The birds and animal life are a very definite asset to the county in many ways. The birds are our best ally against insect life and our wild animals are a great attraction for the tourist, yet we have many people who, if they get a bird or animal within range of a gun, will shoot them and will even brag about it. If these people want to shoot, why don't they try shooting at a target and let the wild life alone.

Park to see the deer, bear, beavers, partridge and other birds and animals, yet we in Haliburton County seem bent on destroying them.

We recall that a couple of years ago a couple of grebe were seen at Gull Lake and as they were not disturbed became quite tame and spent much time swimming up and down in front of the cottages, to the great delight of the cottagers. These birds have a very peculiar movement to their necks and heads as they swim. However, there was one man who did not care that his neighbors derived much pleasure from these birds and he got his gun out and shot them both.

Grebes are not a common bird and they are unfit for human consumption, so the only satisfaction this man could derive from his act would be to brag that he had killed them.

Many people thoughtlessly kill the things that are for our benefit and pleasure.

What Happened to "Arbor Day"

Years ago, a day was set apart for the cleaning up of home and school grounds and the planting of trees and shrubs. It seems too bad that many of the old customs have been discarded for many of them were good, and Arbor Day was one.

We believe that if the Chamber of Commerce would sponsor such a day throughout the country, a day in which all citizens would be asked to share in the cleaning and beautifying of each community, it would go far in attracting the tourist.

Neat, clean, well kept surroundings are always attractive especially if set off with flowers, shrubs and trees.

Minden Rotary

This weeks meeting took the form of the report on "Citizenship Week" by our candidate of this year Lewis Stevens. Hees, visit to Rideau Hall and a welcome from Hon. Vincent Massey, evening dinner was addressed by M. J. Coldwell and Solon Low. The Quiet Hour

by Stuart C. Wilson

Last week we found out from the Word of God that the second coming of the Lord Jesus Christ is to be a secret coming and also a certain coming. Following on with the thought of the return of the Saviour, let us open our Bibles to the first chapter of the Acts and the ninth verse. Here we find the Lord Jesus returning to heaven. He had been talking to the disciples about witnessing for Him, and when He had ended His words, He suddenly ascended into heaven. The day the Saviour returned to glory there was no great fanfare of trumpets, no great announcement in the city of Jerusalem telling people to hurry to the mount of Olives to see Christ go home to heaven. There was no time for farewells. The disciples had no thought that the Lord was going to go home that day, because just a few moments previously they were asking Him if He would at that time set up His kingdom on this earth. But suddenly the Lord Jesus left this scene of sin and sorrow to return home to the place of eternal bliss. Now the teaching concerning the second coming of Christ comes to us in the next couple of verses in this chapter. Two heavenly beings appear to the disciples and tell them, "... this same Jesus ... shall so come in like manner as ye have seen Him go into heaven." The very way Jesus went away, is exactly the way He shall come back. He went away suddenly; He shall come back suddenly. He went away visibly and personally, thus He shall return. We know not when the Lord shall come, but we do know He is coming. If He came today, would you be ready?

It is required of a person to be ready for the soon return of our blessed Lord, because we read in Luke 17:34-36, that His second coming will also be a selective one. Here in these verses we find that in one part of the world two shall be sleeping in one bed, in another part of the world we shall be grinding at the mill together, and in still another part of the world two shall be working in the field. In every one of these instances around the globe one of the two shall be taken and the other left behind. Yes, the second coming of Christ is only for those who know Him as their own personal Saviour and we must be ready. Well has it been written—

"There's an hour which no man knoweth,
Nor the angels round the throne,
When the Lord shall come in glory from the sky;
All the saints shall rise to meet Him,
For He calleth for His own,
They shall hear the trumpet sounding by and by.

What a blessed transformation
In the twinkling of an eye,
When the mortal shall immortal life put on!
Those who love Him shall be like Him
When He cometh from on high,
At the noontide, at the midnight, or at dawn.

"Though our sins have been as scarlet,
Let us seek the streams that flow
From the Cross that rose on Calvary's height.
He is able still to keep us,
And present us white as snow,
When He comes again as clouds of dazzling light."

I Planted a Garden

In my mind was the thought of a garden each day
Now that spring time had come in her rapturous way
So I spaded each day just as much as I could.
When I heaped up the soil it felt ever so good.

For I am a part of the soil you can see
To revel in earth has become part of me
Just to wrest from the earth a small portion of space
And fill it with flowers to brighten earth's face.

Then I planted my seedlings in mother earth's breast.
I just bedded them down in their soil nest
And I placed in their spaces my little plants so,
Then I asked God to bless them and help them to grow.

Now the love for my garden, God saw it was good,
As he looked from above He my thoughts understood,
So he scattered the clouds for the sun's warm embrace
Then he shared up some rain drops to water the place.

And he sent forth each morning his heavenly dew
Of this he has plenty for me and for you
Then in a short time through the gift of God's grace
A beautiful garden adorned the earth's face.

ATTENTION LADIES!

If you are a hoarder, now is the time to rummage through those trunks in the attic. Mrs. Elsa Jenkins, Manager of Women's Activities at the Canadian National Exhibition, needs your help in setting up the 75th Anniversary display in the Women's building.

Dresses, coats, hats, shoes, blouses, skirts, lingerie and other items of clothing used 75 years ago—children's or adults—are needed to help recreate the atmosphere of the first Canadian National Exhibition.

Those whose articles are displayed will receive bronze commemorative plaques. Mark your parcel "75 Years" on the outside, and send it immediately to:

The Canadian National Exhibition, Manager of Women's Activities, Exhibition Park, Toronto 2B, Ontario.

Be sure your name and address are written clearly both on the outside and on the inside of your package. If there is an interesting story connected with the clothing do send the details along.

Mrs. Jenkins emphasizes that furniture and china are not needed, but if you do have household articles of unusual interest which are 75 years old, write and tell her about them, but do not send them unless you are asked to do so—All articles will be returned at the conclusion of the Exhibition which opens August 28th and runs until September 12th.

Fine Concert by Minden Band

CHAS. "SLIM" BRANDON
Bandmaster of Minden Band

Minden - The Annual Spring Concert and Variety Show staged by the Minden Band took place on Friday Night, the 22nd at the Recreation Centre and played to a packed house.

The large audience was treated to a splendid band concert which was followed by a variety show put on by the members of the band.

Charles (Slim) Brandon, the genial bandmaster deserves great praise for assembling and training his group of musicians who, by the way, showed a lot of stage talent as well.

It must be very heartening to the citizens to see such a number of young boys of school age with so much musical talent.

All the solo parts of the band concert were played by the youngest members of the band and they all performed excellently. Ivan Cox played a trombone solo, London-derry Aire; Cliff Booth, Jr., a trumpet solo, Beautiful Dreamer; Larry Harrison, a trumpet solo, Just a-wearyin' for you; Robert McCarey, a trumpet solo, Till I Waltz Again with You; and Jerry Smale, a cornet solo, Home on the Range. Young Robert McCarey stole the show with his Solo. Robert who is only ten years old played his instrument like a veteran.

For the variety show, Clarence McInnerney acted as Master of ceremonies and handled his job in fine style.

Every number was good but we think special mention should be given to Jack and Deac. Jackson for their "Nigger, Noise and Nonsense Skit."

Our hearty congratulations to the band for an excellent entertainment.

The band wishes to extend their thanks to Fred Clements, Gordon Griffin, Berkeley and Creighton Feir of the Haliburton band for their assistance in the Band Concert.

Liberal Candidate Meets President of UNO

Dr. Foster Graham, local Liberal candidate reports to this newspaper, having just returned from attending the annual conference of the Ontario Liberal Association. Delegates from every district in the province swelled the Crystal Ballroom at the King Edward Hotel, Toronto to overflowing, representing the largest attendance of Liberals ever to attend in the long history of the Association.

While there, Dr. Graham visited with the Hon. Lester B. Pearson; Secretary of State for Canada and President of the United Nations. Speaking of this visit Dr. Graham stated his firm conviction that this extraordinary gentleman had done the greatest service in placing Canada and its citizens in the forefront among the leaders of the nations of the world. Inference to rumours concerning the imminent retirement of Prime Minister St. Laurent assured the candidate that not only would Mr. St. Laurent lead the Liberal party to victory in the coming election but would continue to head the next administration where his special talents will continue to be at the service of the Canadian people.

Referring to his visits with the Hon. Paul Martin Minister of Health, and Hon. Walter Harris, Minister of Citizenship and Immigration, who were also in attendance at this meeting, Dr. Graham said he was proud to be associated with these great Canadians whose far-sighted policies concerning social legislation, enacted by the Liberal government, had made the present Canadian administration the envy of every country in the world.

With particular regard to the local scene, Dr. Graham informs this paper that the Liberal organization was never stronger in this riding than it is today, and that the most effective campaign will be waged in every poll. "No one," he said, "in this electoral district will be denied the right to have a member of the government of Canada represent his or her interests and believe me the next government in Ottawa will be formed again by the Liberal party."

"As a national party, with convictions which go far deeper than politics, whose growth has paralleled the rapid development of Canada with its record of achievement, it is the only group which can produce and has produced the type of men able to interpret the wishes of the Canadian people from Coast to Coast.

The Graham campaign headquarters are established in the Greg-Mac building, Lindsay, and a militant force If workers are active in every section of the riding.

Mr. and Mrs. Roy Stackhouse of West Guilford called on friends here on Sunday.

Frank Waters Appointed to School Board

Minden — At the regular meeting of the Minden Twp. School Board held on May 20, a resolution of condolence and regret was passed for our late member Everett Blair who had been a member of the board for over ten years. His quiet advice and philosophy will be missed by the remaining members.

In accordance with the Public School Act which at this time in the term authorizes the remaining members to appoint a successor to fill a vacancy when one occurs, have appointed Frank Waters to complete the term of the late Mr. Blair which runs until the end of 1954.

In Memoriam

In loving memory of our dear friend, who entered into rest May 27th, 1952.

Our Queen is Crowned

The day on which our beloved Queen Elizabeth II is to be crowned should be one of great rejoicing for all her loyal subjects.

On this June 2nd, 1953, we should feel particularly proud of the privilege of living under such a gracious Sovereign and of belonging to this great and unique family of nations, The British Commonwealth.

Thanks to the inventions of modern technology, we shall be able to associate to a great extent with the population of London in viewing the ancient and traditional pageantry. All over the world, people of democratic countries will be following with interest and sympathy the ceremonies of the Coronation.

Let us on this day pledge anew our allegiance to the Crown and re-affirm our faith in the great principles upon which the British Commonwealth was founded and endures.

Let us hope that none will show more fervour in this re-dedication than the people of a province that prides itself upon its motto, "Loyal she began, loyal she will remain".

GOD SAVE THE QUEEN!
